#### Semi-Finals Rubrics for Category 11: Future Trends Judging Rubrics

Criteria	Points					Points Awarded	Weighting	Sub-Total	
	0	1	2	3	4				5
<b>Content</b>									
<b>Quality of Solutions Identified</b>	All solutions identified are irrelevant to the scenario / fundamental problem or are too generic in nature.	Some solutions identified are irrelevant to the scenario / fundamental problem and/or may be too generic in nature.	Most solutions identified are relevant to the scenario / fundamental problem but some may lack significance	All solutions identified are relevant to the scenario / fundamental problem but some may lack significance	All solutions identified are relevant to the scenario / fundamental problem and all are significant.	All solutions identified are relevant to the scenario / fundamental problem and all are of exceptional significance.		X3	0
<b>Clarity of Solutions Identified</b>	None of the solutions identified can be understood.	Most of the solutions are not worded clearly and / or are not expressed in the form of declaratives.	Some of the solutions are not worded clearly and some are not expressed in the form of declaratives.	Some of the solutions identified lack clarity but most are expressed in the form of declaratives.	All problems are expressed in the form of declaratives but there is the occasional case that lacks clarity.	All problems identified are worded with exceptional clarity and expressed in the form of declaratives.		X3	0
<b>Quality of Research</b>	None of the solutions are substantiated with research.	Most solutions are not substantiated with research.	Some solutions identified are substantiated with research and sources may not be entirely credible.	Most solutions identified are substantiated with research but sources may not be entirely credible.	All solutions identified are substantiated with reasonably extensive and relevant credible research.	All solutions identified are substantiated with exceptionally extensive and relevant credible research.		X4	0
<b>Creativity &amp; Futuristic Element</b>	None of the solutions make reference to the future.	Most of the solutions identified simply make reference to the future without reasonable connections to future trends drawn. All solutions identified are unoriginal / uninnovative.	Some solutions are projected into the future with connections to future trends reasonably drawn. Most solutions identified are not original / innovative.	Most solutions are projected into the future with connections to future trends reasonably drawn. Some solutions identified are original / innovative.	All solutions are projected into the future with connections to future trends reasonably drawn. Most solutions identified are original / innovative.	All solutions are projected into the future with connections to future trends exceptionally drawn. All solutions identified are highly original / innovative.		X3	0
<b>Selection of Best Solution</b>	All criteria developed to test solutions are highly irrelevant / insensible.	Most criteria developed to test potential solutions are irrelevant / insensible and are simply generic in nature.	Some criteria developed to test potential solutions are relevant and sensible, and few are tailored for the scenario.	Most criteria developed to test potential solutions are relevant and sensible, but few are tailored for the scenario.	Most criteria developed to test potential solutions are relevant and sensible, and are tailored for the scenario.	All criteria developed to test potential solutions are highly relevant and sensible, and are tailored for the scenario.		X3	0

Oral Presentation										
<b>Organisation of Content</b>	Content is totally disorganised and confusing.	Content is disorganised and confusing, although there are glimpses of logic and organisation.	Content is somewhat organised, although the lack of logic creeps in sometimes.	Content is more often than not organised, and the logical flow of ideas is more often than not observed.	Content is mostly well-organised and often the logical flow of ideas is observed.	Content is always well-organised and the logical flow of ideas is always observed.				
<b>Delivery</b>	The team display absolutely no interest, mumble and are completely unclear, provide absolutely no eye contact / read report off notes/screen completely. Not all members have presented	The team displays much negativity, tend to speak softly and unclearly, provide no eye contact and are almost completely reliant on notes / the screen. Not all members have presented.	The team display little enthusiasm, are often unclear in speech, provide minimal eye contact and are heavily reliant on notes / the screen. Not all members have presented.	The team display some enthusiasm, are more often than not clear in speech, provide some eye contact but still return to notes / the screen. All members must present.	The team display enthusiasm, are largely clear in speech, consistently provide eye contact but still return to notes / the screen. All members must present.	The team display strong enthusiasm, speak clearly, provide direct eye contact with the audience and seldom look at notes. All members must present.			X1	0
<b>Audience Awareness</b>	Completely ineffective use of visual aids. Audience is completely disengaged.	Largely ineffective use of visual aids and / or props. Audience is largely disengaged.	Somewhat effective but uncreative use of visual aids and/or props to illustrate ideas. Audience is more often than not disengaged.	Effective but uncreative use of visual aids and/or props to illustrate ideas clearly. Audience is somewhat engaged.	Effective and somewhat creative use of visual aids and/or props to illustrate ideas clearly, demonstrating audience engagement.	Creative and effective use of visual aids and/or props to illustrate ideas clearly, demonstrating exceptional audience engagement.			X1	0
<b>Response to Questions</b>	Totally unable / does not try to respond with relevance to any of the questions.	Tries but struggles to respond with relevance to any of the questions.	Able to respond to some of the questions. Some answers may be irrelevant or lack elaboration.	Able to respond with well-thought out answers with full and in-depth elaboration to some of the questions.	Able to respond with well-thought out answers with full and in-depth elaboration to most of the questions.	Always able to respond with well-thought out answers with full and in-depth elaboration to all of the questions.			X1	0

At least 65 / 100 to qualify for Finals

**Total: 0 / 100**

If stop at Semi-Finals:

B: 50 - 64%

C: < 50%
